We are pleased to announce the Cold Spring Harbor Asia conference on Translational Approaches to Cancer which will be held at the Suzhou Dushu Lake Conference Center in Suzhou, China. The conference will begin at 7:30pm on the evening of Tuesday May 24th, and will conclude after lunch on Saturday May 28th, 2011.

This conference retains the essence of the prestigious Cold Spring Harbor NY meetings series, a program now in its 76th year. The conference will include eight oral sessions and one poster session. Many talks will be selected from the openly submitted abstracts on the basis of scientific merit and relevance.

Abstract:

We encourage abstracts to contain new and unpublished materials. The abstracts must be submitted electronically by the abstract deadline. Selection of material for oral and poster presentation will be made by the organizers.

Fellowship:

A certain number of presentations by graduate students and postdocs in this conference will be selected as fellowship (USD \$100-\$500) awards. For more details, please visit http://www. csh-asia.org/stipends.html.

Major Topics:

- Targeted therapies in hematological malignancies
- Targeting signaling pathways in cancer
- Targeting Angiogenesis and tumor microenvironment
- Genomics and epigenomics targets in cancer
- Targeting cancer metabolism
- Molecular diagnostics & clinical trials of targeted therapeutics
