ABSTRACT DEADLINE EXTENDED TO JULY 20, 2014

The conference will include eight oral sessions and one poster session covering the latest findings across many topics in System Biology. Abstracts with new and unpublished data are encouraged. Selection for short talks (10-20) and poster presentations will be made by the organizing committee on the basis of scientific merit and relevance.

FELLOWSHIPS

Again as a tradition of CSHL, we are eager to support as many junior scientists as possible. Certain number of presentations by graduate students or postdocs in this conference will be evaluated for fellowship awards (\$100-\$500).
