COLD SPRING HARBOR ASIA

YERSINIA 11

the 11th international symposium on Yersinia

Suzhou, China June 24-28, 2013

Organizers:

Ruifu Yang, Beijing Institute of Microbiology and Epidemiology, China Elisabeth Carniel, Institut Pasteur, France

Paul Keim, Northern Arizona University, USA

Andrey Anisimov, State Research Center for Applied Microbiology and Biotechnology, Russia

Cold Spring Harbor Asia (CSHA) is the subsidiary of Cold Spring Harbor Laboratory (CSHL) in the Asia-Pacific Rim. We are pleased to announce the Cold Spring Harbor Asia-Yersinia meeting; i.e. the 11th international symposium on Yersinia, which will be held in Suzhou, China, located 60 miles west of Shanghai. The conference is organized by CSHA and in partner with the China's State Key Laboratory of Pathogen and Biosecurity (SKLPBS) and the State Key Laboratory for Infectious Disease Prevention and Control (SKLIDPC).

The conference will begin at 7:00pm on the evening of Monday June 24, and will conclude after lunch on Friday June 28, 2013. Wide range of topics including bacteriology, epidemiology, infection & immunity, genomics & evolution, disease surveillance & control, and Omics-driven studies for bacteria will be covered.

The conference will include eight oral sessions and one poster session. Many talks will be selected from the openly submitted abstracts on the basis of scientific merit and relevance. Ample social events throughout the conference will be provided in order to catalyzing cross-pollination of scientific ideas.

Major Topics:

- Bacteriology of Yersinia
- Infection and Immunity of Yersinia
- Genomics and evolution of Yersinia
- Pathogenesis of yersiniosis
- Diagnostics for yersiniosis, plague etc.
- Epidemiological and bacteriological surveillance of Yersinia
- Control of diseases caused by Yersinia
- Omics-driven studies of Yersinia

Registration available until June 24, 2013

The on-line registration will be available until the meeting starts. But early registration will help to reduce the cost. Rates vary for corporate/industry, academic (PhD, MD, staff scientists) and student (up to PhD) attendees. Endowed student package costs ONLY USD250/CNY1530.

Abstracts due May 03, 2013

Abstracts with new and unpublished data are encouraged. Selection for short talks (10-20) and poster presentations will be made by the organizing committee on the basis of scientific merit and relevance.

Fellowship:

Again to honor the tradition of CSHL, we are eager to support as many junior scientists as possible. Certain number of presentations by graduate students or postdocs in this conference will be evaluated for fellowship awards (USD \$200-\$500). For more details, please visit http://www.csh-asia.org/stipends.html.

Keynote Speaker

William Goldman, University of North Carolina at Chapel Hill, USA

Invited Speakers

Mark Achtman, University College Cork, Ireland

Alzira Almeida, Centro de Pesquisas Aggeu Magalhães, Brasil

Andrey Anisimov, State Research Center for Applied Microbiology and Biotechnology, Russia

James Bliska, Stony Brook University, USA

Robert Brubaker, University of Kentucky, USA

Jae-Won Byun, National Veterinary Research and Quarantine Service, Korea Elisabeth Carniel, Institut Pasteur, France

Zijian Feng, Chinese Center for Disease Control and Prevention, China

Jürgen Heesemann, Max von Pettenkofer-Institut, Germany B. Joseph Hinnebusch, NIH, NIAID, Rocky Mountain Labs, USA

Huaiqi Jing, National Institute for Communicable Disease Control and Prevention, China

Paul Keim, Northern Arizona University, USA

Emanuelle Mamroud, Israel Institute for Biological Research, Israel

Motohiro Matsuura, Kyoto University Graduate School of Medicine, Japan

Virginia Miller, University of North Carolina-Chapel Hill, USA

Hristo Najdenski, The Stephan Angeloff Institute of Microbiology - BAS, Bulgaria Robert Perry, University of Kentucky, USA

Lauriane Quenee, HTRL Animal Research Immunology Core University of Chicago, USA

Minoarisoa Rajerison, Institut Pasteur de Madagascar, Madagascar Waldemar Rastawicki, National Institute of Public Health-National Institute of Hygiene, Poland

Feng Shao, National Institute of Biological Sciences, China

Mikael Skurnik, University of Helsinki, Finland

Nils Christian Stenseth, University of Oslo, Norway

Ruifu Yang, Beijing Institute of Microbiology and Epidemiology, China
